SETTLEMENT OF THE POSTAL TROUBLES. Among the passengers in the starmship Canada was M. G. P. Puman, who brings out the final settlement of the postal difficulties between Great Britain and the United States.

GRN. TAYLOR.—The committee appointed to invite Gen. Taylor to Vicksburg, says the Vicks-burg Whig of the 20th inst., returned yesterday morning, and communicated the plegaing intelli-gence that Gen. Taylor has consented to visit us on the 1st day of February next, and remain long enough to afford all his friends an opportunity of shaking him by the hand. The committee state that their visit was uncommonism and hord her snaking nim by the mand. The committee state that their visit was unceremonious and brief, but very pleasant; and all were delighted with the plain, genlemanly appearance and manners of the "people's President." After remaining a few minutes they took leave of the General, who, when e came to the ladies, added a kiss to the other remonies of parting.

THE CHINA DIFFICULTY .- Naval .- The celes-THE CHINA DIFFICULTY.—Naval.—The celes-tial governor of Canton, as has been even by our extracts from foreign papers, has put a slight upon our Commissioner there, Mr. Davis, which he threatens to punish if unatoned for. The Preble sloop, Com. Gayn, with Com. Get-singer as passenger, arrived at Macao on the 23d of Sepl., from the Sandwich Islands, and the Plymouth was at Whampon on the 29th, the latest dates. A letter from on board the Preble, dated Sept. 26th, says: "To-day we sail for Canton, in conse-quence, it is said, of our minister having some

are gratified to learn, says the Washington Union, of the 17th inst., from the State Department, that James Bergeo and Richard F. Ryan, the two Ameri-can citizens imprisoned in Newgate, Dublin, under the act of the British Parliament of the 25th July, 1848, (11th and 12th Victoria, cap. 35,) charged with treasurable screening the British group. with treasonable practices against the British gov-ernment in Iseland, have been set fat liberty. Their liberation has been effected through the ac-tive and strenuous exertions of Mr. Bancroft, the able and distinguished representative of our country at the court of St. James.

RECEPTION OF THE CHARGE D'AFFAIRES PROD VENTZUELA.--On the Uth Inst., Senor Don Rafael Acevedo presented his credentials to the Socretary of State, at Washington, and was received as Unarge d'Amires of the Republic of Venezuela to this Government. On the 14th inst. the Secretary of State introduced him to the President, to whom Mr. Aceved made an address.

J. A. BLACK.—The funeral ceremonies of J. A. Black, late member of Congress, took place on the afternoon of the 19th, at half-past 3 o'clock, at the Presbyterian Church, at Columbia, S. C. Both Houses of the Legislature and a nuaudience were in atte

THE INDIANA U. S. SENATOR .- A dispatch from the West, says: "The election of Gov. Whitcomb of Indiana, to the U. S. Senate over E. A. Hanne gan, is regarded as a great free soil triumph, as Gov. Whitcomb, in his recent message, said the territory had come to us free, was now free, and aboule remain free, and that every constitutional and legal means should be adopted to continue it free."

COLLISION IN THE CHINA SEAS .- We have no. counts of disasters in the China seas from the Si-moom. At Cum-sing-moon, the optum-receiving ship Inabella Robertson, Kelly, came in collision with the American being Fault Lowett The forwith the American brig Eagle, Lovett. The for-mer went down at her anchore; the latter was dismasted, and has been condemned and sold. Capt. Kelly was last seen in the cabin, and is supposed to have gone down in her. Her cargo, con-sisting of 700 chests of opium, was estimated to be worth nearly half a million dollars.

AMERICAN THEATRE .--- To-night there is a very trative bill put forward by the manager of this house, who has cetarimited that the entertainments shall be of that varied and amusing description which cannot fail to give satisfaction. Mr. and Mrs. E. S. Conner will appear in Shakspeare's tragedy of "Romeo and Julist," supported by Mr. Charles as Mercutio, and an effective cast of the other characters. After which there will be a concert by the Sable Harmonist, who gain popu-larity every time they perform. The amusements will conclude with the merry farce of "A Pleasant Neighbor," in which Mr. Spear and Miss E. Patrie will will appear. ST. CHARLES THEATRE .- The " Stranger" was

Sr. CHARLES THEATRE.—The "Stranger" was performed at this popular establishment last even-ing, with great effect, and to a good house. Mr. Fleming confirmed the favorable impression he made in "Claude Meinotte" on the previous even-ing. Mrs. Haller was most truthfully and feelingly represented by Mrs. Jones. Old Solomon had a judicious representative in Mr. Chippendale, and the other characters were respectably acted. "A Nabob for an Hour" kept the audience in continual good humor, and the entertainments were con-Nabob for an Hour" kept the autience in communi-good humor, and the entertainments were con-cluded by the second representation of the beauti-ful opera of "Rosins," in which the charming Miss Emily Coad gave several simple ballands with touching effect. The whole music was executed in a manner that reflected credit upon the company and orchestic and the nublic will be clad to see nd orchestra, and the public will be glad to see it announced again.

MR. AND MISS LOGAN .--- These talented ers made a decided hit Sunday night at the St. formers made a decided all sounday light at the St. Charles; the lady particularly was enthusiastically received. They were both called before the cur-tain at the conclusion of their respective parts. We regret to state, however, that they have relinquishregion to make, move for the present. The prevail-ing epidemic has cast such a gloom over theatrical business that the managers and Mr. L. have agreed to pospone the engagement until the city shall have resumed its wonted tone of calm cheerfulness.

formed Rossini's opera of the "Barber of Seville,' which was so well received on its first representa which was so an intervent of the strong cast of the characters in this beautiful opera, we believe a full house may be expected, and we do not say too much when we assert that in our opinion it is one the much when we assert that in our opinion it is one the most attractive pieces of the season.

STOCKWELL'S PANORAMA OF THE MISSISSIFI RIVER.-We were pleased to observe a large and fashionable attendance at "Panorama Hall" last night. The merits of this immense painting never seemed to be more highly appreciated. We have no hesitation in saying that any person who has seen this great painting once, will surely desire to see it again. It is the production of a man of genius and worth, and as such we heartily wish him all success.

OLYMPIC CIRCUS.—We are pleased to find that Mr. Stickney is doing a good business at the Olympic, notwithstanding the unfavorable state of the city for anusements. He certainly presents great attractions, and richly deserves a liberal pat-ronage. In addition to the splendid feats of eques-trianism and beautiful Ethiopian melodies, usually offered, Mr. O'Connell, the "tattooed man," will when he fort accessence this avenue. nake his first appearance this evening.

make his first appearance this evening. The UNITED STATES AND CORA.—The rumor recently put forth that the United States were ne-gotiating with Spain for the sale of Cuba, having been copied into Spanish papers, created some ex-citement there. The *Expens*, not a ministerial paper, pronounced the rumor false, but thought it ought to be contradicted. The Gazette ways: "We think it necessary to declare, being duly authorized to do so, that it is absolutely void of foundation." The Madrid correspondents of the London papers, however, think differently. A Washington letter to the N. Y. Herald, says : "Mr. Botts has got a letter from Malrid, and in-tends to make a call for information with regard to the Cuba affair, etc.

BINGAMAN COURSE .- In consequence of the prevailing epidemic, the proprietors of the Binga-man Course have determined to postpone until the 30th of March next the race meeting which they had advertised for the present week. This inten-tion will doubtless meet the approbation of turfimen and all others who take an interest in this favorite

THE CHOLERA.—The European Times of the 25th ult. mentions as a remarkable fact, that of the 290 deaths from cholera, which have occurred in London since the 14th October, not fewer than 221 have occurred on the south side of the Thames, where the drainage is less perfect than on the northern hanks, while the population of the latter is perhaps tenfold greater.

COT More than 3000 persons, mostly children, are now enrolled in the Greenock (Scotland) "Penny Club," a kind of Savings Bank, to which a weekly contribution of one penny is paid, and, as the number of members is rapidly increasing, it is thought the receipts of the club during the next year will exceed £1,000.

07 Topics of English news are anything but abundant. The thing most talked of seems to be a probable break up of the Whig Ministry. Lord Stanley is mentioned as the probable Premier, but it is also said that Lord Clarendon will have a pro-minent place in the new Cabinet.

ECT Three abductions of young girls, about fif-teen years old, from Boston, by a black scamp named Bob Moore, came to light on the 15th. The girls are to be sent back to their friends. Bob is the same fellow arrested some time ago with a good looking white girl, the wife of another black man as Boston with whom he had you or at Boston, with whom he had run off.
