HOUSE CONSIDERS IT TO-DAY

The Repeal Bill Stands its Trial for a Second Time.

SILVER MEN WOULD HAVE THEM REPEAL THE NECESSARY QUORUM.

Washington, Oct. 31.—The silver men, or the most intense silver men, in the house, will, it is said, insist that the repeal bill be put through by force, and without any agreement on their part as to the time when the debate shall end, or anything else. They say they mean to be forced into submission. The mode of procedure in the house tomorrow will probably be that as soon as the speaker lays the bill before the house, Wilson, of West Virginia, will move that the house concur in the senate amendments, and upon that he will demand the previous question. Then the filibustering will begin. It is doubtful how much strength the silver men will have, but there is little doubt that they will have sufficient strength to call for the yeas and nays, and that will force the committee on rules to report the closure resolution. This will be done if the filibustering begins. The repealers have been worried about a quorum, and today could count but 165 members who voted against all the amendments when the bill was pending in the house, and if all the other members, about 150, who supported silver in some form, should refuse to vote on the various motions, it would leave the house without a quorum. It is understood, however, that they will not do this. Bland will be given an opportunity to move to commit the bill to his committee on coinage, weights and measures, as such a motion is privileged under the rules. It would, of course, be voted down. It is probable that the rules committee will fix a time on voting on the bill at some time tomorrow evening, perhaps about 5 o'clock.

The senate opened with prayer this morning for the first time since October 17th. Walthall, from the committee on public lands, reported the senate bill extending the time for final payments on desert land entries. The committee amended the bill so as to extend the time of payment for one year instead of three, and making it apply only to entries who were unable to pay. As amended, the bill was passed. A resolution authorizing the committee on agriculture and forestry to continue during the recess an investigation into the state of agriculture, authorized by a resolution on April 19th, 1892, and March 3, 1893, was agreed to. Blackburn, democrat, of Kentucky, offered the following resolution, which was agreed to: "Resolved, that the committee on rules be instructed to inquire and report to the senate what revision and amendments to the rules, if any, should be adopted to secure a more efficient and satisfactory disposition of the business of the senate." The New York and New Jersey bridge bill was taken up and passed.

Senator Palmer, from the committee on pensions, today reported to the senate the bill for the repeal of a portion of the invalid pension appropriation act of the present year, which directs that no pensions shall be paid to non-residents who are not citizens of the United States, except for actual disabilities incurred in service. Hawk, of Tennessee, introduced a bill authorizing the secretary of war to recognize all soldiers under the pension laws as having been regularly in the United States service, who enlisted or volunteered but who were prevented from being regularly mustered in. Senator Blackburn says it is his purpose as chairman of the committee on rules, to take up the subject of the amendment and revision of the rules of the senate as authorized by the resolution introduced by him and passed by the senate today as soon after convening in regular session as may be practicable. He declined to indicate what changes he would advocate, or whether he expected to secure the co-operation of a majority of his committee.

Washington, Oct. 31.—The silver repeal bill cannot come in the house today. Speaker Crisp says under the rules, the bill will be laid before the house tomorrow. It could come up by unanimous consent, but Bland says that unanimous consent will not be given. Bland was asked if some arrangement could not be made so that the day might be devoted to a debate on the bill. He replied in the negative, and said that the rules must be followed. He said he thought that no time could be fixed in any event for a vote as the members who desired would be given an opportunity to speak on the bill. One of the most interested listeners to the closing debate in the senate on the repeal bill was Moreton Frewen,

the leading bimetalist of Great Britain. Frewen does not think the cause of bimetalism by any means hopeless. He does not doubt that the very interests now clamoring the loudest for repeal, will be forced, by business exigencies, to come to the support of silver coinage in a few years. He regards Senator Jones, of Nevada, as one of the greatest authorities on finance in the world. One of the results of his visit to America at this time may be the formation of an international association in the interests of silver. If the silver bill had reached the house last evening before adjournment, it would have been in order first thing this morning.

New York, Oct. 31.—Stocks opened weak, in spite of the passage of the silver repeal bill by the senate. At the opening declines ranged up to 2 5/8. After half an hour a rally occurred, ranging up to 2 1/2 with sugar leading, and the market continued firm up to noon, though the prices were still below closing prices yesterday.

Washington, Oct. 31.—At the opening of the house this morning Livingston, of Georgia, asked the unanimous consent for the silver repeal bill to be taken up at once. Bland and other silver men objected, and the bill went over under the rules till tomorrow.

WILL BE BURIED TODAY. Thousands of People View the Dead Body of Mayor Carter Harrison.

Chicago, Oct. 31.—The remains of the late Mayor Harrison were borne to the city hall today to lie in state. Dense crowds thronged the streets and sidewalks for blocks around the Harrison mansion on Ashland Boulevard previous to the start. The funeral will take place tomorrow from the church of the Epiphany. The funeral procession will proceed from the church to Graceland cemetery. The column will be a large one, many societies having applied for a place in the line. The public schools and board of trade, banks, and other places of business, will be closed tomorrow out of respect to the memory of the dead. Prendergast, Harrison's murderer, is having a rough time in jail. The other prisoners are seizing every opportunity to jeer at the wretch, and shriek imprecations at him, so that exercise outside his cell is made a practicable impossibility. Today the assassin for the first time seemed to realize his position. All along he has apparently labored under the delusion that his companions in crime would look up to him, but today he seemed to understand that he is abhorred even by hardened criminals as a cowardly assassin.

PACKING UP SCENES. The Big Fair is Dissolving Like a Huge Dream.

Chicago, Oct. 31.—The exhibitors are not scrambling to get away from the fair. Preparations are going on in all the buildings preparatory to moving, but so quietly that visitors are not annoyed. The Plaisance people are hard to move. Some of them say they are going to stay two weeks longer, but Director General Davis says they are not, and today issued an order prohibiting any one walking through the Plaisance except by special pass. Buffalo Bill's wild west show gave its final performance tonight, and tomorrow the exhibition will disband. During the past six months Buffalo Bill's show has played to nearly 3,000,000 people. The men had their official closing exercises yesterday and the women had their turn today. Exercises were held in the women's building, and all the distinguished ladies identified with the exhibition were present. Mrs. Potter Palmer made the closing address. The old liberty bell started back to Philadelphia tonight in charge of an escort of officials from that city.

GIRDING UP. The Union Pacific Strengthening for Another Fight.

Chicago, Oct. 31.—The committee of the Western Passenger Association appointed to confer with the receivers and General Passenger Agent Lomax of the Union Pacific on the immigration business, today notified Lomax that they could not confer with him alone. The receivers must be present or there will be no conference. The Union Pacific served a notice on the Western Passenger Association on November 3 that it would withdraw from all local associations in which the association lines were members. The members of the association think this means trouble, and believe the Union Pacific is preparing for a struggle with the Great Northern.

AFTER THE AGENT. Tacoma, Oct. 31.—A mass meeting held by the Puallup Indians on Monday on their reservation passed strong resolutions against Indian Agent Felt. Among other things they accuse him of having attempted to inaugurate old savage customs in order that his office might be continued. A committee was appointed to lay the grievance before the president.

HACKED HIS WIFE TO PIECES

A Fiendish Crime Committed in Our Sister State.

THE BODY HIDDEN IN STRAW

Result of a Cat and Dog Marriage Brought about by an Advertisement in a Matrimonial Paper.

Associated Press.

Spokane, Wash., Oct. 31.—A shocking murder is reported near Waterville, Wash. The crime was discovered yesterday. John Dougherty, a farmer, aged 60, hacked his wife to death with a butcher's knife. The dead was one of fiendish ferocity. The woman was mutilated beyond recognition, and long after she was dead the murderer must have stabbed and hacked her body. He then dragged his victim by the feet between two stacks of wheat and partly concealed the body with straw. Later he was discovered in a vacant house, dying from exposure and hunger. Dougherty has made a full confession. He says his wife poisoned his tea and threatened to dance over his grave within a week. About a year ago he inserted an advertisement in a Chicago matrimonial paper, and the murdered woman, Mrs. Mary E. Phillips, of Cedar Rapids, Iowa, made an answer. They corresponded and she came out and married him. Since then they have lived a cat and dog life. Dougherty has a brother in Portland, Or. He is in jail at Waterville.

STATED AND DENIED.

London, Oct. 31.—The Brazilian minister in this city in an interview regarding the alleged secret treaty between the United States and Brazil is quoted as saying: "While it is possible that such a treaty in its original conception does not exist, you can depend upon it there is a good understanding between the two republics, and that the United States will not permit the restoration of a monarchy if it can help it. The American war ships have not gone to Rio de Janeiro for nothing."

Washington, Oct. 31.—Secretary Gresham today said: "I can scarcely believe the Brazilian minister made the statement credited to him in the London dispatches, for there is not a particle of foundation for it."

STEEPED IN DIME NOVELS.

Oakland, Cal., Oct. 31.—The body of Frank Patrick, the nineteen-year-old orphan boy who lived with Capt. J. H. Bennett, at Lorin, was found in the bushes this evening. The boy disappeared two weeks ago, taking a rifle with him. A gunshot wound caused death. It is believed that the boy went insane through reading novels of the penny horror variety, and committed suicide. Several hundred volumes of the "yellow covers" were found in his trunk, also bowie knives and several manuscript pages of novels written by himself.

MONEY TO TRANSPORT MONEY.

Washington, Oct. 31.—Owing to the necessity of transporting a large amount of gold bullion from the assay office at New York to the mint at Philadelphia, and gold and silver from the mint at Carson City to San Francisco, as well as increased deposits of gold bullion at the minor assay offices, it will be necessary to obtain an appropriation for defraying expenses. Secretary Carlisle today sent to the senate a request for \$15,000 to be appropriated immediately for the purpose.

MELLO IS ON TOP.

London, Oct. 31.—The Times has the following advice from Rio de Janeiro under date of Oct. 27: "The insurgent fleet, in conjunction with Fort Villegaignon, daily bombards Nictheroy, Santa Cruz, and San Jose. Both have suffered severely, though there is no loss of life. The provisional government, which has been firmly established at Desterra and Santa Catarina, is organizing land forces. The insurgents have plenty of the munitions of war. Some decisive action by Admiral Mello is expected shortly. The Republic rained the transport Rio de Janeiro."

neiro, which was conveying 1,100 troops to Santos, and 500 of the troops were drowned. Admiral Mello confirms the truth of this report. He has denied that he has any intention of restoring the empire.

MOORS ARE TROUBLESOE.

Madrid, Oct. 31.—The steamship Africa, from Melilla, arrived at Matagi today and brought information that Gen. Ortega had succeeded in relieving the garrisons of Roatogordo and Cebriz. The Moors continue to make desultory attacks on the Spanish lines. They are busy at work constructing trenches, and have advanced to within six hundred yards of the Spanish forts in spite of the fire which is continuously directed upon them. It is thought the Moors will make another attack on the Spanish forces before the reinforcing troops arrive there.

A MISSING PRINCE.

Madrid, Oct. 31.—The fact that Prince Ferdinand Bourbon has been missing since the Spanish attack on the Moors last Friday has caused the Infanta Isabella much anxiety. The prince was last seen close to his battery outside of Fort Cabortina, and it is supposed he succeeded in reaching one of the blockaded forts which had just been relieved. The minister has ordered inquiries to be made with regard to the prince.

THE NEW CHAPLAIN.

Washington, Oct. 31.—The democrats of the house held a caucus tonight to select a successor to the late Rev. Samuel W. Haddaway, the house chaplain. On the third ballot, Rev. E. W. Bagley, pastor of the Christian church of this city, was selected by a vote of 63 to 53 for Rev. Isaac Teator, of Mount Vernon Place Methodist church.

CORBETT AND MITCHELL.

Boston, Oct. 31.—Chas. Mitchell and Corbett's manager, Brady, had a conference here today. It was settled that the fight should be according to Queensbury rules, and that all details should be left until after the coming election in New York, and then, if it is impossible to fight there, the battle will take place at Monaco.

TO SECURE BETTER RULER.

Washington, Oct. 31.—The senate has adopted the following resolutions, undoubtedly inspired by the recent discussion of the rules: "That the committee on rules be instructed to inquire and report to the senate what revision, if any, should be adopted to secure the most efficient and satisfactory disposition of the business of the senate."

THE CONDITION OF WHEAT.

Chicago, Oct. 31.—Wheat was very weak today, in spite of the passage of the silver repeal bill. The causes assigned were the increase in the visible supply, large northwestern receipts, heavy Baltic shipments, and talk of delay on the silver question in the house.

CUMMINGS TAKEN ILL.

Washington, Oct. 31.—Representative Amos Cummings, of New York, was taken suddenly ill while in a bath room in the basement of the capitol shortly after the house adjourned this evening. He had three congestive chills. At midnight he was reported as resting easily.

BIG INCREASE IN BUSINESS.

Washington, Oct. 31.—Postmaster General Bissell today transmitted to the secretary of the treasury estimates for the postoffice department for the fiscal year ending June 30, 1895. The total amount is \$90,339,485, as against \$84,004,314 for the present fiscal year.

MORE SWEEPING THAN EVER.

Berlin, Oct. 31.—The victory of the radicals in yesterday's elections in Berlin is more decisive than was at first supposed. Out of 5,173 delegates, there were 3,713 radicals against 1,313 conservatives and anti-Semites, 79 national liberals, and 63 dissident radicals.

WILL PROBABLY ADMIT.

Washington, Oct. 31.—The committee on territories has made a favorable report to the house on the bill admitting New Mexico.

THE GRANTS ON THE COAST.

Santa Barbara, Cal., Oct. 31.—Mrs. General Grant and party, including her son, U. S. Grant and family, arrived tonight.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder
ABSOLUTELY PURE
