GROCERIES AND COTTON.
The Way Business is conducted by
E. G. G. & Co., Nos. 232 and
234 Front Street.
This is one of the large establish-
ments that deals for cash. It has been
in the wholesale grocery and cotton
factorage business for many years,
and has always ranked with the lead-
ing, enterprising firms. With an im-
mense capital, handled by gentlemen
of experience and capacity, and mak-
ing no bad debts, this firm can sell
groceries at a little lower price than
those who take great risks and charge
accordingly. Those in charge of the
grocery department have made a
close study of the wants of retail
dealers, and come as near supplying
their wants as any house in town.
As cotton factors, they possess the
fullest facilities for handling the
staple for all it is worth. With their
own warehouse, in charge of careful
and intelligent men, they can keep
cotton in the best shape, and place it
before the buyer in the most desira-
ble condition. It is one of the big
institutions of Memphis, and will give
satisfaction to all customers.

new and pretty. Their present stock
